Homecoming

Old Friends, New Traditions...

It was a crisp fall evening on October 11th as students, professors, alumni, and parents began celebrating this year's Homecoming festivities at the Rose-Hulman Institute of Technology.

The festivities started off with the traditional pep rally at Cook Stadium in support of Rose's fall sports teams. Coaches took turns introducing and praising their teams against the backdrop of banners from Rose's Greek organizations, cheering the football team on against Rhodes College the following day. Many fraternities and sororities also participated in a cheer competition from the stands to prove that they could best cheer on Rose's football team. The Rose-Hulman cheerleaders and dance team each got a chance to show their stuff. Finally, Cassandra Mateo, senior computer engineering major and Tri-Delta president, was crowned as this year's Homecoming Queen. After the crowning, the crowd enjoyed a spectacular fireworks display on the way over to this year's bonfire.

The following day, the crowd cheered the football team on to a strong 35-28 victory over Rhodes College. Sports teams, school groups, and academic departments hosted a variety of other activities throughout the weekend to make guests and alumni feel at home. With all of these activities and a homecoming victory, the weekend was an across-the-board success.

Above middle: Becca Franki, along with other ROTC cadets, help out with the games at KidZone during the Homecoming festivities.

Above: Bill Welch, joined by past and present runners, cuts the red ribbon for the dedication of the newly surfaced track.

Cassie Mateo shows us her winning smile. She was voted the 2002 Homecoming Queen.

Deming residents race the Rose-Hulman Outhouse. In this new tradition, the student-made outhouse will be exchanged for one to set atop the bonfire.

At KidZone, future students got to live it up while their parents relived memories with old friends.

The class of 2006 worked diligently to ensure the bonfire was fully ready for the pep rally.

The Pep Band was on hand during the game to keep us in the Homecoming spirit.

Students can really learn how to swing at SAB sponsored dance lessons.

The SAB sponsored magician takes time out from practicing his routine to show students a trick or two.

Above Right: SAB shows off its display and tried to get students involved at the activities fair.

Above: Justin Droba is trying to decide if he should bet it all or play it safe.

Arms and legs and feet, oh my! Bodies become a tangled mess in the ever popular game of Twister.

Keeping the Sanity of the Students Through Activities...

Student Activities Board, or SAB, a club that meets to plan activities for all Rose-Hulman students. SAB plans campus events such as Las Vegas Nite, Open Mic Nite, and dance lessons. SAB also brings in outside activities like bands, comedians, hypnotists, mentalists, and inflatables (for Spring Carnival)!

SAB has about 20 members and is always looking for more help. Meetings are Thursdays at 7pm in the Faculty Dining Room. Come be involved in Campus activities!

2002-03 Officers:

John Stoner – President

Sandea Jenison – VP

Chris Geiger – Treasurer

Jenni Matheny – Secretary

Concerts – Jess Gardner

Encore – Michelle Witt

Mini-Programs – Chet Clark

Publicity – Michelle Einhorn, Ryan Gergely, J.P. Gonzales

Advisors – Donna Gustafson & Angie Fulton

Rose Merchandise

Roaming the Halls in Style...

If you've visited the Rose-Hulman bookstore recently (and all of us have, at least once a semester), you might have noticed the amount of Rose-Hulman merchandise subtly growing over the past few years. In part due to both Rose's ranking in U.S. News and World Report and the school's growing student body, the demand for Rose-Hulman merchandise has become greater than ever. The bookstore has responded to this with an even greater array of Rose-Hulman merchandise, allowing you to express your school spirit in more ways than ever before.

Along with the usual logo gear every school offers, you can let people know what you think of Indiana's other engineering school by wearing your "Friends don't let friends...go to Purdue" T-shirt. If clothes aren't your thing, you can now take a seat in a Rose-Hulman leather business chair and think about the problems you'll solve using your Rose-Hulman desk set. After that last all-nighter, rest your head on a Rose-Hulman pillow while you snuggle up under a Rose blanket. Maybe you think your parents deserve the "My Child and My Money Go to Rose-Hulman" bumper sticker, or, in a burst of wishful thinking, you buy the one that says, "I Will Survive Rose-Hulman."

Elephant-shaped watering cans are just the thing to usher in springtime. For those who went to the bookstore to do some Christmas shopping, hand-painted ornaments and bandannas were very popular. The bookstore now also carries all of your party/weekend necessities - balloons with the Rose-Hulman logo, video game chairs, a Rose-Hulman golf caddy, and even fluorescent spider monkeys with Rose-Hulman shirts, just to bring a smile to your face. The bookstore has virtually every item one could want adorned with a Rose-Hulman logo - and, if they don't, let them know. You will probably see it next year.

Above Right: James Baxter sports a Rose-Hulman T-shirt as he helps assemble the Homecoming bonfire.

Above: As the bounds of Rose-Hulman merchandise grow, so does the uniqueness of the items. These watering cans were found on display in the Bookstore.

Vernon McCarroll keeps his head warm on those cold Terre Haute mornings by wearing his Rose-Hulman knit cap.

During laptop orientation, students were given laptop cases that sport Rosie, the Rose-Hulman mascot.

With all those notes you have to take, it's best to keep them in a binder. The bookstore has a wide variety of Rose-Hulman binders for just that reason.

Knowing that every student must have a computer, Rose-Hulman is even marketing mouse pads, which come in very handy.

School spirit extends beyond the students. Dr. Patsy Brackin shows off her RHIT letters.

Habitat House

Building a Community One House at a Time...

On September 14th, 2002, Rose-Hulman students, faculty, and staff kicked off the newest construction project on Rose campus - a home for a local family.

The project actually started back in August of 2001 when Dr. Caroline Carvill and Mike Longest, the executive director of the Wabash Valley Habitat for Humanity, met to begin planning for the project. After the additional support of local contractors Bennett and Hair and the Rose-Hulman chapter of Habitat for Humanity, the project soon became called "The Habitat House," and a construction site was chosen at a spot located between Hatfield Hall and Bigfoot.

In the weeks following the ground-breaking, many Rose students spent part of their Saturdays in one of the two shifts working on the project. Eventually, hundreds of students ended up working on the house, with Rob Carruth, Brian Colwell, and Sara Page Podolsky, officers for Rose's Habitat for Humanity chapter, keeping track of all of the details. Even the partner family, a mother and her four sons, took part in the construction, participating in the kickoff and working alongside the students on several weekends. After it was completed, the house was moved from its spot on Rose-Hulman campus to its permanent location in Terre Haute.

After over a dozen weeks and hundreds of man-hours of work, what was the final result of the project? A wonderful service opportunity for the Rose-Hulman community and a new home for a Terre Haute family.

Sara Page Podolsky eyes the board to make sure it's straight.

Getting the frame right is hard work. This student shows off his building skills to help make this new home.

Ben Giant hammers the board into position.

David Kaiser helps hang the exterior particle board.

Jason LaBella uses a saw to make sure the boards are cut just

Art at Rose

Sight for Tired Eyes...

Despite Rose-Hulman's long-standing focus on the sciences, art has also long been a major part of the school's atmosphere. With its many exhibitions from a variety of artists and its hosting of the Fine Arts Series, Rose-Hulman has long offered its campus and the community a chance to experience art from all over the world.

Over the past several years, the Rose-Hulman community has been presented with a myriad of different artistic productions. The exhibits in Moench Hall change on a regular basis and, while they primarily feature artists from the Terre Haute area, have featured shows by artists from as far away as Japan and Columbia. This year, the school has again hosted a variety of shows, including exhibits by Louis Williams, Mike Neary, Mary Kramer, and Mary Ann Michna. The exhibits are not limited to the kind of art that hangs on the wall, either; this year, a set of works of stylized metal chairs and benches filled the second floor hallway of Moench, prompting looks from some and providing rest for others.

In other campus buildings, exhibits made up from the Rose-Hulman permanent collection as well as those from other artists are shown throughout the year. The permanent collection features such major exhibits as the world's largest collection of original watercolor paintings by D. Omer "Salty" Seamon, a selection of 19th century British watercolor paintings, the Tri-Kappa collection of works by Hoosier artists, and the Mary Alice Hadley pottery collection.

Above Right: Hardy Spry stands wondering what is at "The End of the Road." This piece was painted by Rose-Hulman Art Curator Matthew McNichols.

Sophomore Advisor, Brian Barker helps unload belongings on freshman move-in day.

Parents anxiously await helping their children move on to a new phase in their life.

Move-in day is a busy time for both new students and returning students who lend a helping hand.

New Student Orientation

A Whole New Beginning...

From the moment the first car was parked and the Residence Assistants and other staff rushed to help unload it, another year of Rose New Student Orientation festivities began. This year's theme, RHIT Preview, centered around the movies. Inspired by this, residence hall staff made a giant box of (paper) popcorn in the Student Union, and movies were shown a few nights during Orientation Week.

The class of 2006 was welcomed with a variety of opportunities to meet people and begin experiencing life at Rose-Hulman. Exciting events like the Dave and Rae Beach Party and the Deming Street Dance gave everyone a chance to shake their groove thangs and meet their new classmates. Other activities, like the Outdoor Adventure, stressed cooperation, hard work, and team-building between members of each hall.

Orientation wasn't all fun and games, though. Naturally, along with all of the fun came the business of taking placement exams, getting a brand-spankin' new laptop, and practicing the time-honored tradition of squeezing the 'rents for last-minute cash. (Ok, the last two *are* sort of fun.) Overall, orientation was a great chance for the halls to start bonding and for new soap operas to begin. It's just too bad that classes had to start.

Movin' Out

Another year quickly gone by...

School is finished, but you still have one more thing to accomplish; you have to get your things together and move out. Whether it is moving out of the dorms or maybe your fraternity/sorority house, moving can be a really big hassle and a drawn-out process.

Weeks before you may start looking for boxes and start to gather things together that you may not need for the last few weeks. This usually leads to the discovery that you have way more stuff than you ever would imagine could fit in a little room with two or more people, so your laziness causes you to stop packing.

The next step usually happens while taking breaks from studying for finals and that is you continue to put things into boxes with other things so that you will be able to find it later. This process is usually more in depth than when you first begin, but you still never quite finish packing because you realize that you won't be seeing the friends you have made throughout the year until school starts again in the fall or possibly longer so you go and hang out with them.

The final step happens when you realize that your parents will be there in an hour or so to start loading the car and it looks as though you haven't packed a thing. This usually causes the panic pack mode and you start to cram things in boxes where ever it looks like it will fit and don't seem to care that you won't be able to find anything when you get it home.

New Hall residents say good-bye to their sophomore dorm days as they take some final boxes to their cars.

Hard at work, Craig Cotner and Chad Alojipan wait for residence hall students to check out and hand in their keys.

After clearing his room of most of his belongings, David Schue finishes taking down his loft.

Former Scharp resident tries to figure out how he is going to cram all of his college possessions into his compact car for the trip home.

A pair of tired parents take a break from moving out their child.

Getting his workout, Nicholas Gergely puts part of his destructed loft into the back of his truck.

Triplets residents help each other move out their belongings.

Graduate Students Fang Li, Wei Ren, and Jiao Guo (China) try origami at the International Fair held on May 4.

Omair Al-Sayari (U.A.E.) dances with 'Majida,' a Middle Eastern dancer from IU Bloomington, at the fair.

International Students and friends take time out at the Welcome Party, held on Sept. 5, 2002, to take a picture.

At the Middle Eastern music and discussion gathering on March 13, Violist Dena El Saffar takes a picture with speaker Sherri Eaton BinDaar.

"Chefs" Steffen Lohmann and Michael Seifert (Germany) prepare the grill for cooking at the International Fair.

Professor of Japanese, Dr. Sayurri Kubota teaches some of the faculty, Dr. Tom Adams and Dr. John Gardner, to create Japanese calligraphy.

International Students

Helping cultures collide...

The International Student Association (ISA) is open to all Rose-Hulman students. This year RHIT had over 50 international students from 14 different countries. ISA-sponsored activities (skating, bowling, special music/dance performances, coffee hours, International Fair, for example) provide an opportunity for international students to learn about American culture, and US students to broaden their perspectives by learning about cultures outside our borders.

The presence of international students on our campus helps us to realize the breadth and depth of differences in the world. Through interaction with different people, not only do we learn about different ways of living, but we also learn more about ourselves and grow through understanding the differences. Engineers and scientists of the future need 'cross-cultural competencies', those skills will enable them to work and live productively in a variety of settings different from the ones in which they feel most comfortable.

Events Rose Hosts

Being Hospitable to more than just students...

Campus has found itself to be a host for more than just things to do with science and engineering, but also to things that do.

One thing that was celebrated on campus was the completion of soccer coach Brad Hauter's Mow Across America Trip. Hauter completed a 79-day, 5,600-mile journey on June 5. He managed to raise more than \$150,000 for Keep America Beautiful, spread messages about the importance of community beautification efforts in media throughout the world, and may have topped his own world record for cross country lawn mower riding.

It also hosted the NCAA Division III Women's Tournament for the second year in a row bringing the national attention back to Rose.

Campus helped to accomodate the hovercrafts while they were in town. The use of our research facilities were greatly appreciated by them.

Rose also reaches out to the community to try to educate its young members in the areas of science and engineering by holding Exploring Engineering meetings. Students from the school interact with the elementary age kids to help them build things such as robots out of legos or cars out of mousetraps.

Freshman David Mumaw lends a helping hand to a Honey Creek Middle Schooler on a mouse trap-powered vehicle during one of the Explore Engineering programs.

One of the groups to get the pleasure of performing in the new auditorium was the Ames Piano Quartet on Saturday, Jan. 18.

Soccer Coach Brad Hauter brings his 79 day journey across America to an end on June 5, in New York City.

Local students, shown here, are working on their botball designs, hoping to have the design that wins against the others.

Some of the Hovercrafts used campus facilities to do reasurch while they were in town to compete at Fairbanks Park on Sept. 20-22.

Local elementary school students get a hands on experience at building robots out of Legos.

Students find a way to help anyway they can. Here a student is shown giving blood during one of the annual blood drives, and not just for the free T-shirt.

Rose News

School Donation, 'Flame of the Millenium,' stands tall in the front lawn of school. Plans of a reflecting pond and walkway around the sculpture are in the future.

Highlights of the year...

Students and faculty explored the Wireless World by using state-of-the-art wireless computer networks, miniature cameras and embedded electronic circuits to open doors to new academic adventures.

This fall, the emphasis on software engineering is expanding into a new bachelor's degree program. Rapid technical advancements in the business world have created an increasing need for graduates who have an in depth knowledge of software engineering. A new bachelor's degree program in Biomedical Engineering will also begin in September.

Samuel Hulbert, the longest serving president in the history of the school, announced that he will retire on June 30, 2004. During Hulbert's tenure, Rose-Hulman has emerged as a national leader in undergraduate engineering, mathematics and science education.

A four-person team developed a prototype for a low-cost system that attaches to washers and dryers as their senior project. A voice message sent through the telephone network will provide notification when the laundry cycle is complete. Five of this year's products received financial support to be possibly developed into products and marketed in the future.

Distinguished civil engineering professor James McKinney was named Civil Engineer of the Year by the Indiana section of the American Society of Civil Engineers.

President Sam Hulbert announcing that he will retire on June 30, 2004. He will be greatly missed.

Robert Grubb and David Corbin, along with other student leaders of the nine fraternities and sororities use their engineering and teamworking skills to construct a playground set for a 4-year-old Terre Haute boy.

Alumni Tim Cindric (right), president of Penske Racing, celebrates the Indianapolis 500 victory of driver Gil de Ferran along with owner Roger Penske. (courtesy of Terre Haute Tribune-Star/Joe Garza)

Presidents Sam Hulbert, N. Clay Robbins and Jim Eifert talk after the announcement of a \$24.9 million grant from Lilly Endowment Inc. that will help build upon the success of programs at Rose-Hulman Ventures.

World News

What happens outside of Rose...

President Bush watched on as Former Pennsylvania Gov. Tom Ridge was sworn in as the first secretary of the Department of Homeland Security in a ceremony at the White House in Washington, Friday, Jan. 24, 2003. Conceived after terrorists killed 3,000 people on U.S. soil on Sept. 11, 2001, the new Cabinet department was created to keep Americans safer from terrorist attack and will bring together 22 federal agencies with 170,000 employees.

Commencement

Rewarding a job well done...

For one hundred and twenty-nine years, Rose-Hulman alumni have been making positive contributions to society as engineers and scientists. On May 31st, the one hundred and twenty-fifth class joined these people that we are proud to call our alumni as a crowd of approximately 4,300 people watched on.

One graduate that seemed to stand out from the rest was Rashad Gold of Evansville. He received two of the seven special awards that were presented to faculty, staff and students. Gold won the John Tuller Royse Award in recognition of his outstanding leadership, academic achievement and participation in extracurricular activities. He also won, along with fellow graduate Scott Green, the Heminway Medal, which is given to the graduate with the highest grade point average. They both had earned a perfect 4.0 during their four years.

Gold was not the only one that was recognized for his hard work. Among the other winners were Ben Giant - the Herman Moench Distinguished Senior Commendation, Mark Jaeger - Outstanding Graduate Thesis Award; Mechanical Engineering Professor David Stienstra was presented with the Dean's Outstanding Teacher Award; Electrical and Computer Engineering Professor Mark Yoder received the Board of Trustees Outstanding Scholar Award; and Susan Smith was presented with the President's Outstanding Service Award.

But looking at the group of 393 receivers of degrees they are all winners.

SPORTS

“There ain’t no load I can’t hold
Road so rough this I know
I’ll be there when the light comes in
Tell ‘em we’re survivors...
Life is a highway...”

~ Tom Cochrane

Football

►▼ Wide receiver Josh Reed runs the ball down the field after making a catch.

►▼▼ Quarterback Jared Tharpe throws the ball across the field to a waiting receiver.

▼ Junior Nick Dames punts the ball downfield to his waiting opponents.

▲ Junior Joe Kachmar fends off several opponents as he runs downfield with the ball.

◀ Senior Josh Reed struggles against an opponent to get more yards on the play.

THE ROSE-HULMAN FOOTBALL TEAM STARTED OUT THE SEASON WITH A BANG. NOT ONLY DID THEY DEFEAT THE FRENCH NATIONALS TEAM DURING A PRESEASON TRIP TO EUROPE, BUT THEY ALSO SHUT OUT EARLHAM COLLEGE 23-0 IN THE "BATTLE OF THE BORDERS" SEASON OPENER. THE TEAM HAD TWO OTHER VICTORIES IN THE SEASON, FIRST AGAINST RHODES COLLEGE AT HOME-COMING, AND THEN AGAIN AGAINST MILLSAPS LATER IN THE SEASON.

THE TEAM FOUGHT HARD THIS YEAR AND SEVERAL PLAYERS SET TEAM RECORDS THIS SEASON. TWO PLAYERS, MATT JACKSON AND DANIEL SCHWARTZ, WERE NAMED TO THE 1ST ALL-SCAC TEAM, WHILE FIVE OTHERS WERE NAMED TO THE 2ND ALL-SCAC TEAM. JESSE MCQUISTON AND TIM SWAN WERE ALSO NAMED 1ST TEAM VERIZON ACADEMIC ALL-AMERICANS.

AT THE FALL SPORTS AWARD BANQUET, JOSH REED, SENIOR, AND JARED THARPE, SENIOR, WERE NAMED OFFENSIVE MVPs; TIM SWAN, SENIOR, THE DEFENSIVE MVP; DANIEL LESSING, SENIOR, SPECIAL TEAMS MVP; AND JORDAN AIGNER, SENIOR, WAS GIVEN THE COACH'S AWARD. THE TEAM ENDED THE SEASON WITH A RECORD OF 3-7 OVERALL.

IT WAS ANOTHER YEAR OF JUMPS, CHEERS, AND HIGH-FLYING STUNTS FOR THE CHEERLEADING SQUAD AS THEY RALLIED THE CROWDS AT BOTH FOOTBALL GAMES AND MEN'S AND WOMEN'S BASKETBALL GAMES. THEY ALSO ENTERTAINED THE CROWDS AT HALFTIME BY PERFORMING SEVERAL DANCES. THE ANNUAL HOMECOMING PEP RALLY WAS ALSO HIGHLIGHTED BY A PERFORMANCE BY THE CHEERLEADING SQUAD.

DURING THE 2002-2003 YEAR, THE CHEERLEADING SQUAD WAS THE BIGGEST IT HAD BEEN SINCE CHEERLEADING BEGAN AT ROSE. THERE WERE 16 CHEERLEADERS DURING THE FOOTBALL SEASON AND 14 FOR ALL OF THE BASKETBALL SEASON. THE CHEERLEADERS WERE LED BY THEIR CAPTAINS GENI APKE AND JENNY FINKBINER. THE LONG SEASON FOR THESE DEDICATED CHEERLEADERS STRETCHES FROM THE

BEGINNING OF FALL TO THE END OF WINTER DURING THE SEASON, NANCY BAUER JOINED THE SQUAD AS AN ADVISOR, AND BROUGHT A NEEDED ELEMENT TO THE SQUAD. IN THE FUTURE THE UNDERCLASSMEN WILL NO DOUBT STEP UP, AND WILL BRING AN EVEN MORE TALENTED CHEERLEADING SQUAD AS THE STANDARDS CONTINUE TO RISE.

Cheerleading

► Sara Day cheers enthusiastically for the crowd at one of the home basketball games.

▼ Seniors who brought great leadership to the squad include Wendy Packard, Kara Gustafson, Stephanie Poland, and Sarah Stalnaker

▼ The cheerleading squad practices one of their stunts in the Multi-Purpose room before a basketball game.

▲▲ Front: Stephanie Poland, Kara Gustafson, Sarah Stalnaker, Wendy Packard Second Row: Brandi Williams, Jackie Sanders, Geni Apke, Sarah Day, Laura Hemming Third Row: Claire Amundson, Jenny Finkbiner, Katie McNutt, Bridget Wiltgen, Katie Herber

Bridget Wiltgen and the squad performs the routine to the School Song. ▲

THE ROSE-HULMAN VOLLEYBALL TEAM STARTED OFF THE SEASON AT AN AMAZING PACE, BREAKING RECORDS EARLY IN THE SEASON. STARTING AT THE ROSE-HULMAN INVITATIONAL, LINDSEY KERBEL TIED THE SCHOOL RECORD FOR SERVICE ACES. THREE MORE PLAYERS WOULD TIE THE SAME RECORD BEFORE JESSICA PETRETTI TOPPED IT AT EIGHT SERVICE ACES AGAINST MILIKIN LATER IN THE SEASON. STEPHANIE POWERS WAS ONE OF THE THREE TO TIE THE RECORD, AND SHE ALSO BECAME THE FIRST TO RECORD SEVEN ACES IN A MATCH TWICE IN A SEASON.

THE TEAM CONTINUED ON THIS PATH AS KERBEL AGAIN SET ANOTHER RECORD OF 55 ASSISTS IN A SINGLE GAME WHEN THE TEAM BEAT SEWANEE FOR THE SECOND TIME IN THE SEASON.

OTHER RECORDS THAT WERE TOPPED INCLUDED SINGLE SEASON RECORDS OF 1,235 ASSISTS BY KERBEL, 79 ACES BY PETRETTI, AND 497 DIGS BY SENIOR GINA KULAS.

▲ Setting the ball, freshman Laura Telezyn puts the ball in the air for her hitters to spike.

Volleyball

▶ ▼ Jamie Tepool, senior, sets up to dig a spike from the opponent keeping the ball alive to score.

▶ ▼ ▼ Cari Hasselbring, one of the team's three seniors, gets into position to pass the ball to setter Lindsey Kerbel.

▼ Freshman Stephanie Powers jumps high above the net to spike the ball for a kill.

▼ Senior Gina Kulas looks to find the setter as she hits the ball toward her.

Cross Country

◀ Jenny Hodson, sophomore, ran her first year for the team this year.

◀ One of the twins on the women's team, Larissa Oaks was again one of the year's best runners.

◀ ◀ A strong leader, Richard Hale, senior, continued to make great times for the team.

THE MEN'S AND WOMEN'S CROSS-COUNTRY TEAMS HAVE JUST BEEN GETTING BETTER WITH EACH PROGRESSIVE YEAR, AND THIS YEAR IS NO EXCEPTION. NEW ADDITIONS TO THE TEAM HAVE ADDED GREATLY TO THE TEAM'S POTENTIAL AND EXISTING RUNNERS CONTINUE TO IMPROVE THEIR TIMES. AT THE CONFERENCE CHAMPIONSHIPS, THE MEN HAD FOUR RUNNERS GIVE THEIR BEST PERFORMANCES OF THE YEAR, AND ONE RAN HIS PERSONAL BEST TIME. THE TEAMS FINISHED THE SEASON AT THE SCAC CHAMPIONSHIP, WHERE THE MEN FINISHED IN 7TH PLACE, AND THE WOMEN FINISHED IN 8TH.

AT THE FALL AWARDS BANQUET THE MEN'S AWARD WINNERS WERE RICHARD HALE, SR. MOST VALUABLE RUNNER; BEN LEONARD, SO. MOST PROMISING UNDERCLASSMAN; AND RICHARD HALE, HIGH POINT SCORER. THE WOMEN'S AWARD WINNERS WERE EMILY DIETER, SO., AND LARISSA OAKS, SO., MOST OUTSTANDING RUNNERS; AND SERENA OAKS, SO., MENTAL ATTITUDE AWARD.

▲ Sophomore Emily Dieter continued to be a strong runner for the team coming in as one of the faster runners.

▲ Ben Leonard, sophomore, was one of two men's runners that competed in the NCAA Regional this year.

Men's Soccer

▼ Eric Krupitzer, one of the team's contributing freshmen, blocks the path of the ball by bouncing it off his head, keeping it away from his opponent.

▼ Freshman Kareem Lee helped the soccer team out on offense this year making 15 shots and two goals.

▶▼ Freshman Matt Lovell takes the ball downfield to move into scoring position. Matt was tied at third on the team for shot percentage.

▶▼▼ Aaron Wunderlich, junior kicks the ball hard down the field to his teammates.

▼ Slowly moving the ball downfield, senior Kevin O'Gorman concentrates on the ball, waiting for his next move.

THIS YEAR, THE MEN'S SOCCER TEAM WAS ONE OF ROSE-HULMAN'S MOST WELL-ROUNDED TEAMS, POOLING TALENTED PLAYERS FROM EVERY ACADEMIC CLASS. A GREAT SENIOR LEADERSHIP DROVE THE TEAM THIS SEASON AS JASON BOWE AND DUANE MEYER WERE AMONG THE TEAM'S TOP PLAYERS.

SENIORS WERE NOT THE ONLY ONES WHO DIRECTED THE TEAM TO ITS GOALS. MANY FRESHMEN, SOPHOMORES, AND JUNIORS ALSO MADE SIGNIFICANT CONTRIBUTIONS TO THE TEAM. SOPHOMORE TOM DROCHNER, WHO PLAYED IN ALL 20 MATCHES THIS SEASON, WAS SELECTED A MEMBER OF THE 2ND ALL-SCAC TEAM. OTHER SIGNIFICANT CONTRIBUTORS TO THE TEAM INCLUDED FRESHMAN ERIC KRUPITZER, WHO ASSISTED IN SCORING FOR THE TEAM, AND JUNIOR AL RUTH, ONE OF THE TEAM'S GOALIES.

AT THE FALL AWARDS BANQUET, JUNIOR AL RUTH WAS NAMED MOST VALUABLE PLAYER, SOPHOMORE NOAH ZIER THE TEAM'S MOST IMPROVED PLAYER, AND ROOKIES OF THE YEAR WERE FRESHMEN MATT LOVELL AND JOE WILLIAMS. THE TEAM FINISHED THE SEASON WITH AN OVERALL RECORD OF 6-13-1 AND A 1-7-1 RECORD IN SCAC PLAY.

STARTING DOWN THE ROAD TO A RECORD 13 WINS, THE WOMEN'S SOCCER TEAM BEGAN THE SEASON BY WINNING THEIR FIRST THREE GAMES, INCLUDING TWO CONSECUTIVE SHUTOUTS. THE TEAM CONTINUED ITS WINNING STREAK WITH RECORDS OF 7 SHUTOUTS AND 6 WINS PLACING THEM 3RD IN THE SCAC CONFERENCE.

THIS WINNING RECORD GAINED THE TEAM THEIR FIRST REGIONAL RANKING EVER, COMING IN 10TH IN THE GREAT LAKES REGION, ALONG WITH EARNING THE HIGHEST WINNING PERCENTAGE OF ALL FEMALE TEAMS AT ROSE-HULMAN.

THE TEAM HAS A STRONG FUTURE AHEAD OF THEM AS MANY OF THEIR GREATEST CONTRIBUTORS WERE FRESHMEN AND SOPHOMORES. THE TEAM STILL HOLDS ON TO OUTSTANDING JUNIORS AND SENIORS, BUT THE YOUNGER PLAYERS CONTINUE TO STEP UP TO THE CHALLENGE OF COLLEGE SPORTS. FRESHMAN AMBER HOFFMAN AND SOPHOMORE AMY SIBILIA WERE BOTH NAMED TO THE 3RD ALL-SCAC TEAM WHILE JUNIOR

JESSICA FARMER WAS NAMED TO THE 1ST ALL-SCAC TEAM.

AT THE FALL AWARDS BANQUET, AMY SIBILIA WAS NAMED THE TEAM MVP, WHILE AMBER HOFFMAN RECEIVED THE ROOKIE OF THE YEAR AND INTENSITY AWARDS. THE TEAM ENDED THE SEASON WITH AN OVERALL RECORD OF 13-6 AND A RECORD OF 6-3 IN SCAC PLAY.

Women's Soccer

◀ Sophomore goal keeper Amanda Brindley blocks a shot from an opposing player.

◀ Jessica Farmer, junior, one of the team's leading contributors races the ball down the field.

▲▲ Freshman Stacey Otts fends off an opposing player from the ball.

▲ Maneuvering the ball into a position, sophomore Cheryl Fang passes the ball to a teammate.

◀ Junior Spring McEwen moves the ball down the field into scoring position.

Fall

Sports

THE MEN'S BASKETBALL TEAM WAS VERY WELL-ROUNDED THIS YEAR, WITH BOTH UPPERCLASSMEN AND UNDERCLASSMEN MAKING MAJOR CONTRIBUTIONS. STANDOUTS RANGED FROM SENIOR JOHN QUERY, WHO LED THE TEAM IN BOTH THREE-POINT AND FREE-THROW PERCENTAGES, TO SOPHOMORE PHILLIP GRIFFITH, WHO EARNED HIGH-SCORING HONORS IN 12 OF THE TEAM'S 26 GAMES, TO FRESHMEN MUNCHIE MUSKEYVALLEY AND KAREEM LEE, WHO KEPT THE ENERGY UP, PLAYING IN ALMOST EVERY GAME OF THE SEASON.

ALTHOUGH THE GAMES DID NOT ALWAYS START OUT ON THE RIGHT FOOT, THE TEAM PLAYED HARD AND MADE MANY COMEBACKS THIS YEAR, TURNING MANY TOUGH GAMES INTO HARD-FOUGHT WINS.

- ▶▼ At a crucial point in the game, the team stops for a time out to go over their game strategy.
- ▶▼▼ Guarded heavily by his opponent, sophomore Jason Ludwig protects the ball while looking for an opportunity to pass it off to a teammate.
- ▼ Standing outside the three point line, junior Mike Cusic looks for an open teammate under the basket.

THE ENTIRE TEAM IMPROVED THROUGHOUT THE SEASON AS MANY PLAYERS STRENGTHENED THEIR GAME AND GAINED A LOT OF PLAYING TIME.

THIS YEAR, THE TEAM PLACED GRIFFITH ON THE ALL SCAC TEAM, WITH QUERY RECEIVING AN HONORABLE MENTION. THE TEAM FINISHED THE SEASON WITH A RECORD OF 6-8 IN SCAC CONFERENCE PLAY AND 9-17 OVERALL.

Men's Basketball

▲ Munchie Muskeyvalley, a freshman guard brings the ball down the court looking for another opportunity to score.

▼ As he waits for the play to set up and run, Rashad Gold, senior, overlooks the court for an open teammate.

Women's Basketball

▲ Huddling at a time out, the team devises their next play.

◀ Shooting a long jumper, freshman Anna Hall is just missed by her defender.

◀◀ Protecting the ball from her opponent, sophomore Carrie Wiley looks for a teammate to pass to.

IT WAS ANOTHER TOUGH SEASON FOR THE ROSE-HULMAN WOMEN'S BASKETBALL TEAM THIS YEAR. DESPITE STARTING OFF THE SEASON WITH THREE WINS AND PLAYING A NUMBER OF TIGHT GAMES, THE TEAM ENDED UP WITH A SEASON RECORD OF 3-22 OVERALL.

WITH ONLY THREE UPPERCLASSMEN ON THE TEAM THIS YEAR, THE SOPHOMORES AND FRESHMEN HAD TO PLAY EXTRA HARD. FRESHMEN ANNA HALL AND KARYN KOST BOTH SAW A LOT OF PLAYING TIME THIS SEASON, AS DID SOPHOMORE CARRIE WILEY AND JUNIOR KILEY WALLACE. EACH OF THESE LADIES WAS ALSO A MAJOR SCORER FOR THE TEAM WITH HALL LEADING THE TEAM IN SCORING 14 OUT OF THE TEAM'S 25 GAMES. SHE ALSO RECEIVED AN HONORABLE MENTION FROM THE ALL SCAC TEAM.

THE TEAM'S ONLY SENIOR, CARRIE HASSELBRING, WAS STILL A FORCE UNDER THE BASKET IN HER FOURTH YEAR ON THE TEAM. THROUGHOUT THE SEASON, SHE WAS ONE OF THE TOP PLAYERS IN BOTH SCORING AND REBOUNDS. THE TEAM COMPLETED THE SEASON WITH 0-14 IN SCAC CONFERENCE PLAY.

▲ Freshman Ali Wampler looks across the court to her teammate as she passes the ball.

▲ Getting some lift into the air freshman Karyn Kost shows great followthrough as she soots for a three pointer.

Wrestling

▼ Junior Jesse Somann struggles with his opponent, trying to get the upper hand in the match.

▼▼ Lifting him up into the air Junior Collin Wyse unbalances his opponent.

THIS WAS A DIFFICULT YEAR FOR THE 19 MEN OF THE ROSE-HULMAN WRESTLING TEAM, BUT THE TEAM ROSE TO THE CHALLENGE, WRESTLING THROUGH THE SEASON WITH GRIT AND DETERMINATION.

MANY WRESTLERS WERE TEAM LEADERS THIS YEAR. FIVE MEMBERS OF THE TEAM, JUNIORS DAN GOEBEL, MATT SPURGEON, COLLIN WYSE, AND FRESHMEN TOM AIGNER AND BYRON SANDERS PLACED AT THE MANCHESTER INVITATIONAL. WYSE, SANDERS, AIGNER, AND JUNIOR JESSE SOMANN ALSO WON AT THE WABASH COLLEGE MONON BELL CLASSIC. AT THE MIDSTATES INVITATIONAL, SANDERS AND AIGNER BOTH PLACED THIRD IN THEIR WEIGHT

CLASSES, SPURGEON PLACED FIFTH, AND SOMANN AND WYSE BOTH PLACED SIXTH.

THE TEAM FINISHED THE SEASON AT THE NCAA DIVISION III MIDWEST REGIONAL. AIGNER PLACED FOURTH AND WYSE PLACED FIFTH IN THEIR RESPECTIVE WEIGHT CLASSES, LEADING THE TEAM TO AN 11TH PLACE FINISH.

►▼ In an attempt to pin his opponent, junior Dan Goebel grabs his opponent to flip him over.

► Byron Sanders, freshman, fights with his opponent to get him into a position to pin him.

►► Back: Greg Archer, Jed Frey, Dane Goebel, Collin Wyse, Mark Buti; Front: Tom Aigner, Byron Sanders, Matt Spurgeon, Jesse Somann

STILL SHOOTING FOR THE TOP, THE ROSE-HULMAN RIFLE TEAM HAD ANOTHER OUTSTANDING YEAR AT THE RANGE. SHOOTERS JASON LABELLA, JUNIOR, AND SOPHOMORES JENNIFER LOWE, JARROD SANDS, AND BRYAN SHAW CONTINUE TO SHOW THEIR SKILLS WHILE NEWCOMERS TO THE TEAM, FRESHMEN ROSS MILLER AND AARON DUNAWAY, ARE JUST GETTING STARTED. LABELLA ADDED HIS NAME SEVERAL MORE TIMES TO THE RECORD BOOK TO BRING HIS TOTAL NUMBER OF INDIVIDUAL SCHOOL RECORDS TO 10.

DURING THE SEASON THE TEAM BESTED PURDUE UNIVERSITY, ILLINOIS STATE, AND MOREHEAD STATE, BUT FELL TO TOUGH MATCHES AGAINST NATIONALLY RANKED XAVIER UNIVERSITY AND THE UNIVERSITY OF KENTUCKY. IT WAS A HARD FOUGHT AND NARROW LOSS TO KENTUCKY WITH A SCORE OF 6,049-5,987. DESPITE SETBACKS

FROM INJURIES THE SECOND HALF OF THE SEASON, THERE WERE MANY SOLID INDIVIDUAL CONTRIBUTIONS AND THE TEAM NEVER GAVE UP.

THE TEAM FINISHED THE SEASON RANKED 21ST NATIONALLY BETWEEN ALL NCAA DIVISION SCHOOLS AND 3RD PLACE IN NCAA DIVISION III COMPETITION BEHIND THE U.S. COAST GUARD ACADEMY AND NORWICH UNIVERSITY. WITH SEVERAL GOOD MARKSMEN RETURNING TO THE TEAM NEXT YEAR, LOOK FOR THE TEAM TO DO EVEN BETTER IN NATIONAL RANKINGS.

Rifle

▼ Junior Jason LaBella shoots a new school record in kneeling and smallbore full course at Tennessee Tech.

▼ Back: Aaron Dunaway, Jason LaBella, Ben Potter, Ross Miller, Bryan Shaw, Jarrod Sands; Being held: Ruth Jacobson, Jennifer Lowe; Sitting: Coach Michael Ray

▼ One of the promising freshmen on the team, Ross Miller shoots an air rifle during competition.

▲▲ Sophomore Bryan Shaw shoots kneeling.

▲ Sophomores Jarrod Sands and Bryan Shaw shoot air rifles.

THE ROSE-HULMAN SWIMMING TEAMS HAD A CHALLENGING AND SUCCESSFUL YEAR THIS YEAR, STARTING OFF STRONG AS THE MEN WON THEIR FIRST TWO MEETS AND THE WOMEN PLACED SECOND IN THE ROSE-HULMAN INVITATIONAL. THE MEN WENT ON TO RACK UP FOUR MORE WINS AND A 4TH-PLACE FINISH IN SCAC COMPETITION. THE WOMEN WORKED HARD THROUGHOUT THE SEASON, COMING IN FIRST IN A NUMBER OF RACES AND ENDING THE SEASON WITH A 7TH PLACE FINISH IN SCAC COMPETITION.

BOTH TEAMS ENDED THE SEASON AT THE CONFERENCE TOURNAMENT WITH SEVERAL SCHOOL AND TEAM RECORDS. SENIOR PHIL ISOM, JUNIORS DAVID BREIDING AND RYAN MACKOS, AND FRESHMAN CRAIG KEDROWSKI ALL SET SCHOOL RECORDS DURING THE TOURNAMENT. SENIOR MATT SMITH PLACED FIRST IN THREE EVENTS AT THE TOURNAMENT. THE 200-YARD INDIVIDUAL MEDLEY RELAY TEAM OF SMITH, BREIDING, MACKOS, AND ISOM

WON THE SCHOOL'S FIRST RELAY CHAMPIONSHIP WHILE THE WOMEN'S RELAY TEAM OF SENIOR ELIZABETH FARQUHAR, SOPHOMORES ALLISON HASBARGEN AND JAMIE MYERS, AND FRESHMAN CHRISSY GUIDI PLACED FIFTH.

MATT SMITH WENT ON THE NCAA DIVISION III CHAMPIONSHIPS WHERE HE CAME IN FIRST IN THE 100-YARD BREASTSTROKE, BECOMING THE FIRST SWIMMER IN ROSE-HULMAN HISTORY TO WIN A NATIONAL CHAMPIONSHIP. HE ALSO RECEIVED HIS FOURTH ALL-AMERICAN AWARD BY PLACING FIFTH IN THE 200-YARD BREASTSTROKE.

▲ Jamie Myers cheers on a teammate as he turns to finish the lap.

Swimming

►▼ Swimming the back stroke for the squad, this team member races across the pool.

►► One of the team's few divers, sophomore Emily Timperman does a flip off the diving board.

► Preparing themselves for the next event, swimmers take the time to stretch and to relax.

►► Rose men dive off the starting blocks to start the race.

Dance Team

THIS YEAR, THE ROSE-HULMAN DANCE TEAM CARRIED ON THEIR SUPPORT OF OTHER ROSE-HULMAN TEAMS BY PERFORMING AT SEVERAL ROSE-HULMAN FOOTBALL AND BASKETBALL GAMES. THE TEAM CONTINUED TO EXPAND THEIR REPERTOIRE OF DANCES, THIS YEAR DANCING TO SONGS SUCH AS "BRIMFUL OF ASHA", "DIE ANOTHER DAY", THE SCHOOL FIGHT SONG, AND MANY OTHERS.

ONE OF THE HIGHLIGHTS OF THE SEASON FOR THE DANCE TEAM WAS A CLINIC THEY HELD FOR YOUNG GIRLS IN THE TERRE HAUTE COMMUNITY TO PROMOTE DANCING. THE TEAM WAS JOINED THIS YEAR BY URSULA, DAUGHTER OF DR. BROCKHURST AND A DANCER FOR THE MILWAKEE BUCKS. THE TEAM TAUGHT THE GIRLS A ROUTINE TO ADD TO THEIR PERFORMANCE OF "DIE ANOTHER DAY".

THE TEAM ALSO PERFORMED AT ROSE-HULMAN'S HOMECOMING GAME, PERFORMING ROUTINES BOTH ON THEIR OWN AND WITH THE ROSE-HULMAN CHEERLEADING SQUAD. THE TEAM CONTINUES TO GET BETTER WITH EACH PASSING YEAR, AND HOPES TO SOON PARTICIPATE IN COMPETITIONS AS WELL SUPPORT OTHER ROSE-HULMAN TEAMS.

▲ The dance team performed their swing dance at homecoming, recruiting men to help them out.

◀ The dance team performs to "Battleflag" at a basketball game.

▼ Back: Jessica Vaught, Katie LaFoe, Mercedes Reeder; Front: Danielle Cooper, Liz Shook, Alex Bowers, Amber Hoke

◀ Amber Hoke, sophomore, Liz Shook, and Danielle Cooper, seniors are posed in the middle of their "Little Less Conversation" routine.

▶ During one of their practices, Alex Bowers, and Danielle Cooper, seniors, and Mercedes Reeder, freshman dance to "Brimful of Asha".

Winter

Sports

Baseball

► Senior Saylan Lukas catches a pick-off throw to first base, just missing the chance to tag the runner.

▼ Senior Ryan Keefer gets a hit at Victory Field. Keefer was a catcher for the team again this year.

▼ Stretching out for a pitch, sophomore Shawn Smith throws the ball to the plate. Smith is a versatile player being able to play pitcher, outfield, and also third base for the team.

▼▼ Drew DeMarco, junior, busts out of the batter's box after getting a hit. DeMarco was one of the five players to earn First Team All-SCAC honors.

▼▼ A two time SCAC player of the week this year, Scott Tourville, sophomore, gets another base hit out to the field.

IT WAS ANOTHER SUCCESSFUL SEASON FOR THE ROSE-HULMAN BASEBALL TEAM. THE SEASON STARTED OFF WITH SOME TOUGH COMPETITION AS THEY PLAYED THE FIRST WEEK IN FT. MYERS FL, WHERE THE TEAM WON FOUR GAMES.

THE FIRST CONFERENCE GAMES WERE AGAINST OGLETHORPE IN ATLANTA, GA, WHERE THEY SWEEPED THE PETRELS IN FOUR STRAIGHT GAMES. THE NEXT FEW NON-CONFERENCE GAMES WERE HARD FOUGHT, BUT THE TEAM FELL SHORT OF VICTORY EXCEPT AGAINST ALBION COLLEGE. THE TEAM THEN CAME BACK STRONG AGAINST UNIVERSITY OF THE SOUTH AND DEPAUW UNIVERSITY WINNING SEVEN OF THE EIGHT CONFERENCE GAMES. THE TEAM CONTINUED ON ITS DOMINATION OF THE CONFERENCE TEAMS BEATING OUT CENTRE COLLEGE IN ALL FOUR GAMES OF THE SERIES.

THE BASEBALL TEAM WON THE SCAC EAST CONFERENCE TITLE WITH A RECORD OF 15-1, 23-18 OVERALL. THIS RECORD GAVE THEM A SPOT IN THE CONFERENCE TOURNAMENT, BUT THEY WERE ELIMINATED IN THREE GAMES. THE TEAM FOUGHT A HARD SEASON AND WILL RETURN WITH SEVERAL KEY PLAYERS TO MAKE A RUN AT THE TOURNAMENT NEXT YEAR.

◀ Sophomore Amanda Bower waits for the throw to home. Amanda played catcher for most of the year.

▼ Junior Lynsey Hart swings for another hit. Lynsey played mostly outfield but tried her hand at short stop in a few games.

▼◀ Sophomore Lauren Clark was again the team's main pitcher this year.

THE ROSE-HULMAN SOFTBALL TEAM FOUGHT THROUGH A TOUGH SEASON THIS YEAR. THE SEASON STARTED OFF ROUGH AS THE HEAD COACH CHANGED THREE TIMES WITHIN THE FIRST OFFICIAL MONTH OF PRACTICE. THE TEAM SOON GOT USED TO THE NEW COACH, BRIAN SHEARER, AND BEGAN WORKING TOGETHER TO STRENGTHEN THE TEAM.

THE BEGINNING OF THE SCHEDULE WAS ALSO HARD FOR THE TEAM AS THEY PLAYED MANY TOUGH TEAMS INCLUDING SOME IN HIGHER DIVISIONS. THE TEAM WAS ALSO PLAGUED WITH INJURIES BEGINNING WITH TWO BROKEN FINGERS. SOPHOMORE LAUREN CLARK'S INJURY LEFT HER OUT FOR TWO WEEKS, WHILE JUNIOR JANAEE CHANEY'S BROKEN FINGER KEPT HER FROM PLAYING THE REST OF THE SEASON. THROUGH THE SEASON, A FEW MORE MINOR INJURIES OCCURRED WHICH LEFT PLAYERS OUT FOR A GAME OR TWO. DESPITE THESE INJURIES, THE TEAM CONTINUED TO WORK HARD TO TRY TO WIN SOME BALL GAMES.

THE TEAM CONTINUED TO IMPROVE AND THOUGH THEY MISSED THE CONFERENCE TOURNAMENT, THE TEAM BEAT DEPAUW IN CONFERENCE PLAY TWICE BEFORE THE END OF THE SEASON. THE TEAM LOSES FOUR SENIORS THIS YEAR THAT WERE MEMBERS OF THE INAUGURAL SOFTBALL TEAM, BUT THEY HAVE A STRONG TEAM COMING BACK NEXT YEAR.

▼◀ Senior Amy Stutler throws for an out at first. Amy moved into the third base position from first base halfway through the season.

▼ Senior Jennifer Clevenger gets another hit for the season. "Clevie" started every game in her college softball career.

THE SMALL ROSE-HULMAN GOLF TEAM WORKED HARD TO DO THEIR BEST AGAIN THIS YEAR. THOUGH THE MEN'S TEAM HAS BEEN AROUND FOR SEVERAL YEARS, THIS WAS THE FIRST YEAR FOR THE WOMEN'S GOLF TEAM.

THE MEN'S TEAM ROUNDED OUT ITS NUMBERS WITH EIGHT PLAYERS INCLUDING FIVE FRESHMEN. THESE FRESHMEN PLAYED STRONG FOR THE TEAM THROUGHOUT THE SEASON. FRESHMAN ROSS BOWEN GAINED

LOW MEDALIST HONORS AT MANCHESTER TO PLACE THE TEAM FOURTH OUT OF EIGHT TEAMS AT THE MEET. THE WOMEN'S TEAM HAD FOUR PLAYERS IN THE FALL AND PLACED NINTH OF TWELVE TEAMS AT THE MANCHESTER MEET.

THE MEN STARTED THE SPRING SEASON WITH A 5TH PLACE FINISH OUT OF EIGHT AT THE WEBSTER INVITATIONAL. THEY THEN PLACED 16TH OUT OF 24 AT THE IRONWOOD GOLF COURSE IN ILLINOIS BEFORE THE SCAC CHAMPIONSHIPS.

Golf

► Freshman Andrew Learn finishes out his putt by sinking the ball in the hole. Learn placed highest among the Engineers at the DePauw Invitational.

►▲ Derek Trobaugh, freshman and the younger of the two brothers, keeps his eye on the ball as he swings. Derek was consistently in the top three among the Engineers towards the end of the season.

►► Corey Trobaugh, senior, drives the ball off the tee. Corey was among the top players on the team at the beginning of the year.

Track

THE ROSE-HULMAN TRACK TEAMS CONTRIBUTE MUCH OF THEIR SUCCESS TO STRONG UPPERCLASSMEN EFFORTS. STANDING OUT ON THE MEN'S TEAM WAS SENIOR ANDREW SHIPPER, WHO AGAIN QUALIFIED FOR AND COMPETED IN THE NCAA DIVISION III NATIONALS IN POLE VAULT. SHIPPER PLACED SECOND AT THE INDOOR NATIONALS FOR THE SECOND TIME IN HIS CAREER. ANOTHER OUTSTANDING PLAYER ON THE MEN'S TEAM IS SENIOR MATT COSBY, WHO QUALIFIED FOR THE NCAA DIVISION III NATIONALS IN THE 110-METER HIGH HURDLES AT THE LITTLE STATE INVITATIONAL.

THE WOMEN'S TEAM HAD SENIOR ANNA BURGNER AND JUNIOR RACHEL RIECK TO LEAD THEIR TEAM. RIECK HAD MANY FIRST PLACE FINISHES IN THE 200-METER DASH THIS YEAR. BURGNER MADE SEVERAL GREAT EFFORTS IN HER RACES THIS YEAR AND WAS AWARDED THE RUEL FOX BURNS BLANKET HONORING EXCEPTIONAL SENIOR ATHLETES AT ROSE-HULMAN. ONE UNDERCLASSMAN TO KEEP AN EYE ON IN THE FUTURE IS ALECIA GEHLHAUSEN, WHO HAD MANY TOP FINISHES IN HURDLES AND DASH RACES.

▲▲ Freshman Byron Sanders passes the baton off to sophomore Ben Leonard during a relay race.

▲◀◀ In his second year of throwing weights, junior Dylan Tarr threw one of his best throws at 50' 1" this year.

▲◀ One of the winners of the Ruel Fox Burns blankets, senior Anna Burgner won many races this year.

▲ Senior Andrew Schipper qualified for Nationals in both indoor and outdoor track again this year.

▲ Senior Matt Cosby ran a qualifying time for the NCAA Division III Nationals tournament.

Men's Tennis

Men's tennis ►
players goof around
during practice.

▼ This year playing for
the men's team were:
Cam Bagley, Daniel
Conley, David Cornelius,
Andy Feyen, Kevin
Hanson, Alex Hayes,
Matt Jensen, Chris
Jester, Kevin Patel,
Trey Starns, Matt
Weyer, and Drew
Wright. The coach was
Dan Hopkins.

A WINNING RECORD WAS A STRUGGLE FOR THE ROSE-HULMAN MEN'S TENNIS TEAM. THEY STARTED THE SEASON OFF SPLITTING THREE-WAY MATCHES BETWEEN LAKE LAND AND SINCLAIR AND AGAIN BETWEEN INDIANA AND OHIO WESLEYAN. THEY THEN HEADED TO FLORIDA WHERE THEY COMPILED A RECORD OF 2-3. THE TEAM CONTINUED TO SWAP WINS AND LOSSES, PULLING AHEAD TO JUST OVER .500 ON THE SEASON AFTER PLAYING THE UNIVERSITY OF CHICAGO, AND THEN PULLING AHEAD IN THE RECORD AT THE END OF THE SEASON WHEN THEY TOPPED OUT AT 12-10.

AS THE TEAM NEARED THE END OF THE SEASON, THEY WON FIVE MEETS IN A ROW AGAINST ASHBURY COLLEGE, UNIVERSITY OF CHICAGO, ANDERSON UNIVERSITY, IU SOUTHEAST, AND EARLHAM COLLEGE AS THEY ENTERED THE SCAC CONFERENCE CHAMPIONSHIP TOURNAMENT. THE TOURNAMENT STARTED OFF WELL FOR THE ENGINEERS WITH A WIN AGAINST OGLETHORPE, BUT LOSSES IN THE NEXT THREE MATCHES AGAINST DEPAUW, HENDRIX, AND CENTRE ELIMINATED THEM FROM THE TOURNAMENT. THEY FINISHED THE TOURNAMENT IN EIGHTH PLACE.

▲ Junior Andy Feyen looks to serve the ball to his opponent. Andy played in the number 1 position for the men's team this year.

THE WOMEN'S TENNIS TEAM STARTED OFF THE SEASON WITH A WIN AGAINST EARLHAM COLLEGE, BUT THE SEASON PROVED TO BE VERY TOUGH FROM THEN ON. THE TEAM LOST HARD FOUGHT MATCHES TO MANY OF THE TEAMS THAT THEY PLAYED.

THE TEAM ALSO STARTED THE SCAC CHAMPIONSHIP TOURNAMENT OFF RIGHT WITH A WIN AGAINST MILLSAPS COLLEGE BEFORE LOSING TO TRINITY UNIVERSITY, SOUTHWESTERN UNIVERSITY, AND HENDRIX COLLEGE. THE TEAM FINISHED THE TOURNAMENT IN SEVENTH PLACE.

STANDOUT PLAYERS ON THE WOMEN'S TEAM INCLUDE SENIOR ALISON BAILEY PLAYING IN THE NUMBER 2 SPOT, JUNIOR RACHEL RIECK PLAYING IN THE NUMBER 1 SPOT, AND JUNIOR JENNIFER HO PLAYING IN THE NUMBER 5 SPOT FOR THE SEASON. THESE GIRLS EARNED SEVERAL VICTORIES FOR THE TEAM IN BOTH SINGLES AND DOUBLES MATCHES DESPITE LOSING TEAM EFFORTS.

◀ A three-year team player, junior Jennifer Ho played in the number 5 position for the Engineers for most of the year.

▲ Senior Alison Bailey returns a ball off the bounce. Alison played in the number 2 position this year.

▲ The Rose Women's Tennis team consists of Coach Brenda Davis, Bridget Wiltgen, Heidi Brackmann, Krista Gonnerman, Rachel Logan, Rahdika Dave, Rachel Rieck, Sara Rohrabough, Alison Bailey, and Jennifer Ho. (Not all are pictured above.)

◀ Heidi Brackmann reaches up high to return the ball across the court. Heidi played number 4 in singles and on the number 3 doubles team with Sara Rohrabough.

CLUBS

"The Road goes ever on and on
 Down from the door where it began.
 Now far ahead the Road has gone,
 And I must follow, if I can,
 Pursuing it with eager feet,
 Until it joins some longer way
 Where many paths and errands meet.
 And whither then? I cannot say."

~ J.R.R. Tolkien

CIRCLE K

Front: Jessica Gross, Bri Leahy, Marieda Mergele, Jeffrey Blair; Second: Katy Messmann, Jonathan Trojan, Adam Haste, Adrienne Henderson, David Radue, Mark Holus; Back: Jason Clifford, Whitney Cotton, Dustin Shea, Christopher Meyer.

Circle K International is an organization of college and university students with a commitment to community service worldwide. Circle K inspires people to better our world. Its motto, the same as Kiwanis International's, is "We Build." Circle K provides constructive opportunities for students to become involved on the campus and in the community through service work to others in need.

Dustin Shea and Whitney Cotton prepare finals packages for students.

UNITY

This year the Spanish Club hosted an event with a Mariachi Band. It was held in the White Chapel and even included Mexican food.

SPANISH CLUB

The Spanish Club, a SGA-funded organization, is comprised of students interested in Spanish and Latin American culture. We sponsor activities which promote understanding and goodwill among different ethnic groups and enhance creativity in diversity. During the past year, the Spanish club sponsored films from Latin America and a Mariachi band. We hope to provide authentic Hispanic cultural experiences and disseminate the traditions and customs of the Spanish-speaking community.

PEP BAND

The Pep Band provides music at sporting events to support the team and get us in the mood to win.

At the Activities Fair, the Pep Band recruits new members with musical talent.

WMHD

Rose-Hulman's Broadcasting Club is responsible for the maintenance and operation of WMHD, 90.5 FM, The Monkey! Founded in 1978, WMHD is run by the students and faculty of Rose-Hulman. WMHD is a noncommercial, free format station geared toward the general populous of Rose-Hulman. Broadcasting facilities are located on-campus in the basement of BSB. WMHD also owns sound equipment and does sound for many events on campus.

Ellis.

AXE

Alpha Chi Sigma is the oldest professional chemistry fraternity in the nation, containing 45 collegiate chapters, 8 professional chapters, and 5 professional groups. The Iota chapter of Alpha Chi Sigma was founded in 1909 and reactivated in 1984. Brothers of the Iota chapter spend numerous hours performing various chemistry shows (known as Chemistry-on-Wheels) as part of its community service, and also Merit Badge Days for Boy Scouts. However, Alpha Chi Sigma is not just all work. Iota chapter brothers have also spiced life up on campus through its Pie-A-Prof fundraisers designed to raise money for the Chemistry-on-Wheels program.

RHA

Most of the active members of the Residence Hall Association are Sophomore Advisors, Resident Advisors, and students that live on campus. Each floor or hall on campus is required to send at least two representatives, and as a group these representatives plan activities for on campus residents. Some of these activities include sponsoring the blood

drive to award prizes to the three floors with the most participation and planning billiards and ping-pong tournaments. RHA also sends delegates to different conferences throughout the year to bring back ideas from other schools on how to improve on campus residence life. This year, RHA hosted one of these conferences. Delegates from other schools around the state of Indiana came to stay on campus for a weekend and participate in many activities and learning exercises.

MODEL UN

Model United Nations had a good year. After loosing three seniors last year, we acquired several new members this year, giving us a young but highly qualified team. We started our year off with a conference in Indianapolis where we received several best delegate and best delegation awards. We were also invited to attend an international Model United Nations conference in Ottawa, Ontario. This conference also proved to be very successful for the team, as well as exposing us to many different groups of people. We are all excited about next year as we will only be losing one senior, giving us a very skilled team.

Front: Daniel McKinley, Travis Bewley, Rebecca Johnson, Nichole Parke; Back: David Chambers, Marty Cornelius (Coach), Nathaniel Bowe, Matthew Gordon, Eric Tollefson, Scott Mollan.

ARC

The task of the Aerial Robotics Club is to design, build, and maintain a completely autonomous aerial vehicle for entry in an international collegiate competition. The mission goal for this year's competition is to take off, fly 3km down range, find a building using computer vision, find a window on that building, and eject a sub-vehicle through the window that surveys the interior for a given object or symbol. Aside from preprogrammed waypoints the helicopter must be completely autonomous and must make decisions based on its environment. Started in 1996, the team uses state-of-the-art electronics, techniques, and materials to achieve these goals. For more information please visit: <http://www.rose-hulman.edu/arc>.

David Schue, Michael Lehenbauer, Chris Humbert, Jay Groven, Jum Patterson, Robert Sills, Aaron Lambert.

TEAM ROSE MOTORSPORTS

Members of Team Rose Motorsports get a chance to be hands-on with all the components that go into building a quality race car.

Front: Tom Markle, Jim Walter, Cooper Lacy, Frank Levinson, Matthew Jensen, Brad Miles; Second: Dr. Zac Chambers, Rob Lally, Matt Neisen; Back: Clint Masser, Matthew Smith, Drew Lyons, Master Stroker, Chris Nordyke, Jason Lindsey, Chris Bratten, Nick Snyder, Nick Privette.

NSBE

The goal of NSBE is to increase the number of culturally responsible black engineers who excel academically, succeed professionally and positively impact the community. This year, we've done a number of activities to help the community. Some of our activities include engineering workshops for middle school

students, mentoring and tutoring for area youth, and community clothing drives. It has been a good year for us, and we in the National Society of Black Engineers at Rose-Hulman are looking forward to another year of promoting a more culturally accepting and diverse atmosphere within the Rose-Hulman community.

Front: Bradley Walker, Elisha Dodd, Michael Merritt; Back: Wendell Brown, Nigel Sayers, Whitney Cotton, Vernon McCarroll, Pedro Lopez.

GUN CLUB

The Rose Gun Club is committed to educating its members in the responsible and safe handling of firearms. We accomplished this by having firearm safety seminars and by having multiple range days where we teach students, faculty, and staff how to shoot. The club's wide selection of firearms allows members to become proficient at no cost to them. Safety is the key, but we still have a good time.

Brandon Lawson, Amanda Martin, Ross Miller, Ruth Jacobson, Jon Schroeder. Not Pictured: Scott Tourville, Andrew Schipper.

SWE

The Society of Women Engineers stimulates women to achieve their full potential as engineers and leaders, expands the image of the engineering profession as a positive force in improving the quality of life, and demonstrates the value of diversity. The Rose-Hulman chapter of SWE has been in existence since 1996. Although young, the chapter has developed several programs to uphold the standards of the national organization. Exploring Engineering Day is a program for Junior and Senior High School students to expose them to different engineering fields and careers. The Girl Scout Program is a program for Junior Girl Scouts that allows them to earn a patch for doing hands-on projects in four different areas of engineering: Chemical, Civil, Electrical, and Mechanical. The program is on-going and is currently executed twice a year.

LACROSSE

Members of the Lacrosse team suit up before a game.

Team Roster: 1-Kimbrell Garrette, 2-Ron Zuckerman, 3-Matt Rittorno, 4-Stephen Gregory, 6-Matthew Rodgers, 7-Eric Soller, 8-Tim Poplin, 9-Andy Shold, 10-Tom Kujawa, 13-Dan Unger, 14-Chris Rumpf, 16-Kyle Harbison, 17-Adam Banzon, 19-Jason Lucas, 20-Edward Farmer, 21-Matt Beisser, 22-Todd Richard, 23-Dale Bird, 24-Kyle Schroeder, 25-David James.

"Guys and Dolls in Concert" was performed in conjunction with many Club alumni during the Hatfield Hall dedication week. Over fifty students and brought this production to life on the stage audience of more than 400. Throughout year, more than one-hundred students are involved with Drama Club productions. new theater provides a platform for even more professional and elaborate productions, and will give the students at Rose a chance to explore their artsy side in a professional-grade venue.

DRAMA

In the 2002-03 school year, the Drama Club opened in Hatfield Hall with Tom Stoppard's "Arcadia." This scientific play combined the new professional level fine arts facility with talent from Rose students to bring to life the very essence of the club.

BLUE KEY

Blue Key is a general honor society that bases its eligibility on all-around leadership in student life, high scholastic achievement, service to others, citizenship, and an adherence to principles of faith. Blue Key is unique in that it recognizes upperclassmen at colleges and universities throughout the nation for an exemplary and balanced record of achievement inside and outside the classroom. The organization celebrates and honors the many accomplishments of its members. The special qualities of Blue Key members as a model of service to others include intellectual curiosity with a desire to acquire knowledge, modeling a significant pattern of leadership which contributes to the institution's student and campus life, service to the community and citizenship, expressing humility through moral character and integrity, and a strong sense of faith in word and deed.

The Rose-Hulman InterVarsity Christian Fellowship has been very active this year. We continued our dedication to the spiritual growth of the RHIT Christian community, and engaged in many activities to outreach to those that haven't heard or don't understand the gospel. We did this through weekly Bible studies and Large Group meetings, outreach events, last lectures, and many other "just for fun" events. Our vision is reach others by intentionally building Christ-centered relationships and holding each other accountable to following Christ as Lord.

ANIME

Established in 1997, the Rose-Hulman Anime Society is a group of students dedicated to exploring and enjoying the depths of Japan's animated cinematography. Our

mission is to spread awareness of this Japanese art form throughout the Rose-Hulman community. Club activities include weekly anime showings that are open to all Rose-Hulman students, faculty, and staff.

APO

Alpha Phi Omega is a national, co-ed service fraternity. The founding principles of APO are leadership, friendship, and service. APO works to teach the skills of leadership and building lasting friendships through a program of providing service to others. On campus, Alpha Phi Omega provided service in many ways, including running the Lost and Found.

PI TAU SIGMA

Pi Tau Sigma is the national Honorary Mechanical Engineering Fraternity with 142 chapters installed throughout the United States. There are four main objectives of Pi Tau Sigma: (1) Foster high ideals in the engineering profession, (2) Stimulate and support departmental activities, (3) Promote the mutual professional welfare of its members, and (4) Develop in students attributes necessary for effective leadership and the assumption of the responsibilities of a citizen in a democracy. The Rose-Hulman chapter aims to meet these objectives by organizing campus activities such as review sessions for the FE exam.

Photo of one of the projects the club has worked on this year.

Members include: Joey Richey (President), David Honan, Mike Raffay (Treasurer), James FioRito, Krishnamurti Ersson, Stephen Pakbaz, Michael Martin, Dr. Kevin Sutterer.

Model Railroad

This year during the spring the Model Railroad Club was proud to display its newly acquired Terre Haute Union Station model at the Vigo County Historical Society. The model, created by Dennis Kirchmann, is a painstaking and accurate recreation of the railroad station that existed from 1893 till 1960 at the corner of 9th and Spruce. This model was the center of an exhibit focusing on the impact the railroad has had on the history of the Wabash Valley. The club also began construction on a permanent model train layout to be housed in the club room. Next year the model railroad club hopes to be able to exhibit its modular layout at train shows and around campus, as well as continue construction of the permanent layout.

MODULUS

The Modulus serves as a yearly chronicle of the history of Rose-Hulman. Hundreds of hours throughout the year and into the summer were dedicated to the production of this book. Staff members attended campus events to take photographs, coordinated group pictures, wrote and edited stories, and designed page layouts to make this book a success.

Front: John Stauffer, Jennifer Shafer, April Duncan, Keith Atkinson; Back: Dulany Weaver, Kyle Beasley, Karen Bonnema; Not Pictured: David Kaiser, Ben Vosmek, Mr. Bryan Taylor.

GREEK

"Twenty years from now you will be more
disappointed by the things you didn't do
than by the ones you did. So throw off the
bowlines; sail away from the safe harbor.
Catch the trade winds in your sails.
Explore. Dream"

~ Mark Twain

Lambda Chi Alpha

Top Left: Every December, children from Ryves Hall Youth Center are treated to gifts from Santa and games with the members of Lambda Chi Alpha. This year the ladies of Delta Gamma sorority helped to spread the holiday joy.

Mid Left & Right: Members of Lambda Chi Alpha prepare for the Cart Race and Pyramid Greek Games.

Bottom Right: Members of Lambda Chi Alpha bowled for charity in Alpha Omicron Pi's annual Rose Bowl.

This was a great year for Theta Kappa Zeta of Lambda Chi Alpha. We welcomed in an excellent rush class in the fall, and brought in more great men in the spring. Overall, we added 25 new associate members. These new members will help continue our chapter's tradition for years to come.

Once again our year was filled with contributions to the community. In fact, our chapter earned a first-place ranking from our international fraternity in the Tozier Brown Public Affairs award program. In addition, we earned a first-place award for individual service events with our 32nd annual Run for

Kids' Sake, which raised over \$2,100 for Big Brothers and Big Sisters of Vigo County. We also organized our annual Christmas Party for the children of Ryves Hall with the members of Delta Gamma sorority, and gathered almost 5,000 lbs of food as part of Lambda Chi Alpha's North American Food Drive, the largest single food drive in North America. There were many other great causes to which we donated our time and money, including Meals on Wheels, Vigo County Homework Help, American Cancer Society Relay for Life, and Chi Omega Dance-A-Thon.

Our chapter made a good showing in this year's Greek Games, and also competed well in Alpha Omicron Pi's Rose Bowl. We won Delta Delta Delta's Teeter-Totter-A-Thon Penny Wars, raising the most money per person of any chapter on Rose's campus.

Even though we accomplished so much this year, we are already looking forward to an even better year next year.

Fiji

Friendship, knowledge, service, morality, and excellence – these are the Five Values that Phi Gamma Delta has upheld since 1848. With these as a guide, the Rho Phi Chapter has become a force on the campus of Rose-Hulman

since our chartering here in 1969. Currently within our diverse ranks are many varsity athletes; leaders in student government, residence halls, and honor societies; and respected scholars. By enhancing the academic experience of Rose-Hulman by providing an opportunity to make memories, serve the community, and have fun, FIJI is an excellent outlet for the stress built by the rigors of Rose-Hulman. The men of the Rho Phi Chapter are interested in not only maintaining a good relationship with Rose-Hulman and the surrounding community, but also forging a strong bond with each other – a brotherhood that is not for college days alone. Our brothers constantly seek those individuals with these same desires so that our fellowship can be shared and our spheres of influence widened.

Sigma Nu

Established in 1869 within the rigid confines of the Virginia Military Institute, Sigma Nu has assumed national prominence with 180 chapters located throughout the country. Founded upon the premise that honor and courtesy should become an integral part of the college graduate. The Beta Upsilon chapter of Sigma Nu has worked to achieve this at the Rose-Hulman Institute of Technology since its chartering on May 4, 1895. Sigma Nu offers an appropriate and welcoming social atmosphere, providing a much-needed release to the every day stresses of school. On campus the brothers often engage in athletics, publications,

honor fraternities, and other activities in addition to assuming many positions of leadership.

This year, the men of Sigma Nu have participated in philanthropic events such as Bikes for Tikes, Trees Inc., Relay for Life, the Chi-Omega Dance-A-Thon, and the Tri-Delta Teeter-Totter-A-Thon. In May, the men of Sigma Nu held the 12th Annual Volleybash, a sand volleyball tournament held to benefit the Hyde Foundation. In April the brothers also held their own formal dance on a riverboat in Cincinnati.

PEOPLE

"On the road again
 Goin' places that I've never been
 Seein' things that I may never see again,
 And I can't wait to get on the road again.
 On the road again
 Like a band of gypsies we go down the highway
 We're the best of friends
 Insisting that the world be turnin' our way
 And our way
 Is on the road again..."

~ Willy Nelson

Air Force ROTC

Air Force ROTC

AFROTC students help with the games at KidZone during the Homecoming festivities.

If you are interested in what AFROTC has to offer, you can check out the pamphlets on the information table outside the department office.

This year saw the AFROTC program reach its highest enrollment level in over eight years. The program began in the fall with 84 cadets and one new staff member, SSgt Will Moore, who joined the staff as the unit's new information management NCO.

There were many highlights this year. Cadets went on an all-expenses paid trip to Eglin AFB, FL, in the fall for a 4-day base visit, visited Washington D.C. for 4 days during the famous snow storm of 2003, was visited by the Director of the Air Force Seek Eagle Office at the unit's annual dining-in in December, had the honor of hosting the Air Force F-22 System Program Office Director at the spring military ball conducted jointly with North High School's junior ROTC unit, and had the privilege of hearing one the few surviving Tuskegee Airmen

speak at the spring commissioning ceremony. Cadets also took part in two different paintball events, conducted a leadership development weekend which included rock-wall climbing and a combat dining-in, and presented the colors at two different national events: the NCAA Division III Women's Basketball Championship held at Rose-Hulman and the NCAA Division I Cross Country Championship held at Indiana State University.

Over 30 cadets received military awards this year from numerous national military support organizations, and over \$2500 worth of prizes and merchandise was awarded to cadets in recognition of outstanding achievement. All in all it has been an exciting time for everyone involved in the Air Force ROTC program at Rose-Hulman.

Col. Randy Paschall, Capt. Erik Aufderheide, Capt. Scott Hamilton, JoAnne Seybold, SSgt. Thomas Brock, SSgt. William Moore.

Army ROTC is a college elective designed to teach leadership skills to students and future Army officers. ROTC classes are a combination of lecture and hands-on training with a diverse mixture of activities. One day, students may be required to give briefings; the next day, they may learn to rapel. Students can be as involved as they like, and generally, there is no obligation to the Army (unless contracted). This helps create an environment

where students can just relax, have fun, and learn.

This year, Rose commissioned 7 cadets who entered the active Army as Second Lieutenants. The service was a joint ceremony with the AFROTC and was held in the White Chapel. Congratulations to all of the cadets.

Front: MAJOR Lottino, LTC Hollaway; Middle: MAJOR Vajnor, Barbara Shaw, MSG Pennell Back: SFC Bowers, Peggy Grant.

Army ROTC cadets participate in the Color Guard at the openings of sporting events on campus.

These cadets take a break from working the concession stand at the Homecoming football game.

Applied Biology & Biomedical Engineering

The Applied Biology degree program at RHIT was inaugurated in Fall 2001. We currently have 37 Applied Biology majors at Rose-Hulman.

On March 5th, 2002, the Institute voted to approve a proposal to offer a BS degree program in Biomedical Engineering at Rose-Hulman, and the Board of Trustees approved the program at the spring 2002 board meeting. We are happy to announce that Rose-Hulman will accept first-year students into the B.S. degree program in Biomedical Engineering beginning in the fall term of 2003. In the 2003-2004 academic year, all first and second year courses required for the Biomedical Engineering degree will be offered. We expect to have our first full class of Biomedical Engineering graduates walk across the stage at graduation in Spring 2007.

Currently, there are 63 undergraduate students at Rose-Hulman who are majoring in another field, but working toward a minor in Biomedical Engineering, and 18 who are working toward a minor in Applied Biology.

Front: Dr. Bill Weiner, Dr. Lee Waite, Dr. Christine Buckley, Dr. Karen McNally; Back: Dr. Michael Cain, Brenda Mardis, Dr. Ric Anthony, Dr. Jameel Ahmed.

We'd also like to offer our congratulations to Dr. Weiner and his wife Marsha on the birth of their daughter, Allison, born May 25, 2003.

Seventeen graduate students are enrolled in the MS degree program in Biomedical Engineering.

Dr. Michael Cain announced in March that he will not be returning to Rose-Hulman for the 2003-04 academic year. Dr. Cain is leaving teaching to pursue his interest in writing textbooks.

Dr. Karen McNally-Heintzleman will leave the ABBE Department at the end of this academic year. Karen and her husband, Doug, will move to Boston (Cambridge). Doug has finished medical school at Indiana University and will serve his residency at Massachusetts General Hospital. Although Karen will not continue as faculty member in the ABBE Department, she will maintain ties to Rose-Hulman through her work at Rose-Hulman Ventures; and she plans to return to campus regularly.

In March, Dr. Youichi Shimada returned to KIT in Kanazawa, Japan, after spending 12 months at

Rose-Hulman as a visiting professor in the ABBE Department.

Eleven students and eight faculty/staff attended the 2003 Rocky Mountain Bioengineering Symposium held April 11-13 in Biloxi, Mississippi. A total of ten papers were presented by RHIT faculty and students including eight student presentations. Four of the eight student presentations won awards in the student paper competition:

Harish Sharma - 2nd place in the written paper competition - advisors Lee Waite & Gabi Nindl (THCME)
Eric Soller - 3rd place in the written paper competition - advisor Karen McNally

Mark Ware - 2nd place in the oral presentation competition - advisor Christine Buckley

Brad Woodcox - 3rd place in the oral presentation competition - advisor Rick Stamper

Amanda Garrelts and Anita Ribble discuss the Process Flow Diagram for their senior design project.

Students hang out in the ChemE lounge.

Front: Mary Wade, Dr. Hossein Hariri, Dr. Alfred Carlson, Frank Cuning; Back: Dr. Atanas Serbezov, Dr. Daniel Coronell, Dr. Ronald Artigue, Dr. Mark Anklam, Dr. David Miller.

It has been another busy year in the Chemical Engineering department. Once again, we experienced faculty changes this year. Dr. Stuart Leipziger retired. Dr. Michael Misovich left the Chemical Engineering Department for a position at Hope College in Michigan. Two new faculty members, Drs. Alfred Carlson and Daniel Coronell joined us in the Fall 2002-03. Dr. Carlson came to us from Pennsylvania State University where he was an associate professor and Director of the Center for Bioprocessing Research. Dr. Coronell came to Rose-Hulman after 9 years of working in industry.

The annual meeting of the American Institute of Chemical Engineers, which brings together chemical engineering professionals from around the world every year, was held in November 2002 in Indianapolis for the first time. The Chemical Engineering Department took advantage of the opportunity and had a good presence at the AIChE meeting. Thanks to the financial

support of Rose-Hulman Ventures, we held a reception at Hyatt Regency that was visited by a number of our alumni as well as people from industry attending the AIChE meeting.

Senior Chemical Engineering student Briar Colwell and Dan Morris, professor of Chemistry, published an article in a 2003 issue of Journal of Inorganic Biochemistry. Senior Chemical Engineering student Rashad Gold was one of 16 student-athletes named as the first-team, men's basketball Arthur Ashe All-Star Scholar in May 2002 by the editors of Black Issues in Higher Education. Senior Chemical Engineering student Erin Phelps earned all-district honors on the Verizon Academic All-American Team in May 2002. Senior Chemical Engineering student Anna Burgner and junior Chemical Engineering student Jessica Farmer earned spots on the 2002 Verizon College Division Academic All-District Five Women's Soccer Team.

Chemistry Alumni gather at Homecoming for a reunion.

It has been a year of growth for the RHIT Chemistry department this year. A new biochemistry laboratory was constructed including a high-performance centrifuge, shaking incubators, and a chromatography cabinet, along with HPLC chromatography. This is an excellent teaching facility and also is the core equipment necessary for a research effort. A new environmental chemistry lab was also constructed, which includes a total organic carbon/nitrogen analyzer, an essential workhorse in any such laboratory, along with equipment necessary to perform field work. Also, the biochemistry laboratory course, CHEM 431, was taught for the first time this Spring quarter. On top of this, the department sent 13 students and 9 faculty to the Butler University Undergraduate Research Conference in April 2003, where all of the students made presentations on a variety of chemistry-related topics.

The department has had some personnel changes over the past year. Two faculty left the department. Dr. Mark Ball, our biochemist who was on the faculty for 12 years, accepted a new position at Shimer College in the Chicago area. Dr. Sean Seymore, an inorganic

result of his efforts, the Chemistry department will be graduating a bumper crop of seniors this year and next.

The department also gained two new faculty members this year. Dr. Mark Brandt is a biochemist who, previous to Rose, held positions at California State University at Fullerton and UC-Irvine. He will be teaching laboratory biochemistry for the first time in years. Dr. Penney Miller is an Environmental Scientist from Michigan Technological University who has been working closely with the Civil Engineering and Applied Biology departments to start an Environmental Science program at Rose-Hulman. This will begin to bear fruit next year with the offering of our first Environmental Science courses.

In addition, Mr. Barry Morrison, our laboratory technician, has left for other opportunities. Mr. James "Louie" Johnson, who has many years experience at Lucent Technologies and Tyco Electronics, has now taken over those duties as Laboratory Manager.

Front: Patti Staggs, Dr. Luanne Tilstra; Second: Dr. Daniel Jelski, Dr. Daniel Morris, Cindy Erwin, Dr. Michael Mueller; Back: Dr. David Erwin, Dr. Bruce Allison, Dr. Penney Miller, Dr. Mark Brandt.

Civil Engineering Environmental Engineering

The 2002-03 academic year was one of transitions and accomplishments for the Civil Engineering Department. Dr. Robert Houghtalen served his second year as department head after 19 years of exemplary service by Dr. James McKinney. Dr. Michael Robinson and Dr. Jim Hanson joined the department with specialties in environmental engineering and structural engineering, respectively. Dr. James McKinney was named ASCE's Civil Engineer of the Year for Indiana. And finally, Dr. Kevin Sutterer received NSF funding to begin an Engineering Forensics Research Institute to accompany a research experience for undergraduates (REU) summer program.

There were also many accomplishments by our students. Walter Flood was selected by CE News magazine as one of the top forty Civil Engineering students in the country. The ASCE student chapter accomplished many things this year

including: continuation of their adopt-a-street program, raising over \$2000 for the Christmas Basket fund, hosting the Indianapolis branch of ASCE at their winter banquet (guest speaker - Aarne Vesilind on the topic of professional ethics), participating in the steel bridge building competition, co-sponsoring an ASCE professional meeting with the Indianapolis branch, and hosting a charity golf tournament for Habitat for Humanity. A senior design team composed of Wendy Packard, Bryce Gast, David Korman, and Derek Hughes won the tenth annual Indiana Section ASCE Student Presentation Competition. And finally, student award winners included: ASCE Alumni Award: Nick Harden; Edward McLean Award: Patrick Allen; CE Faculty Award: Matt Albert; J.B. Wilson Award: Eric Beier; Shelton Hannig Award: Mike Novotney; and Morris Cleverly Award: David Korman.

Martin Brenny, with the help of Keith Royer, tests his concrete cylinder made from scratch.

Nick Harden studies rock samples for his Geology Project.

Front: Dr. Jim McKinney, Kathy Nicoson, Keith Royer; Back: Dr. James Hanson, Dr. Kevin Sutterer, Dr. Michael Robinson, Dr. Martin Thomas, Dr. Robert Houghtalen.

Computer Science Computer Science

2002-2003 was an active year for the Department of Computer Science and Software Engineering. Cary Laxer took over the position of department head from Frank Young, who recently retired. Two new faculty joined the department - Don Bagert and Larry Merkle. At the end of the year, Andy Kinley left the department. During the year, the department faculty were very active professionally, attending 26 different conferences and workshops, and authoring 23 different papers. Two seniors, Michael Simon and Rob Signorelli, had research papers accepted for presentation at conferences. Our ACM student chapter sponsored two programming teams in the regional contest for the ACM International Collegiate Programming Contest; they finished 13th and 15th out of approximately 80 teams. Seventeen new members were inducted into UPE, the computer science honorary

society. During the year, the computer science curriculum was thoroughly reviewed and revised, and a new major in software engineering was developed (to be taught beginning in the 2003-2004 school year). Over the summer, the department will move to newly-renovated space in the old Moench Hall Auditorium, greatly expanding our office and laboratory facilities. The department looks forward to even bigger and better things in 2003-2004!

Dr. Don Bagert, Mike McLeish, Dr. JP Mellor, Dr. Michael Wollowski, Dr. Cary Laxer, Dr. Mark Ardis, Dr. Andy Kinley, Lynn Degler, Dr. David Mutchler, Dr. Dale Oexmann, Dr. Larry Merkle, Dr. Claude Anderson.

Senior Mitch Hendricson makes sure every wire is in the right place.

Junior Matt Howard checks his circuit to make sure it is working properly before demonstrating it to the professor.

The Electrical and Computer Engineering department has had another great year. Dr. Tina Hudson has returned from her special leave and Dr. Rostamkolai is on sabbatical this year. Our ABET accreditation board commended the ECE department for its excellent facilities, however massive laboratory updates are being done and planned before our next ABET visit.

For the fourth consecutive year, Rose-Hulman Institute of Technology is ranked, #1, by U.S. News & World Report as the best undergraduate engineering program among colleges whose highest degree

awarded is a bachelor's or master's. Also, the Electrical and Computer Engineering Department along with Mechanical, Civil and Chemical Engineering received No. 1 rankings by U.S. News & World Report.

HSS & Engineering Management

The HSS department at Rose-Hulman has had another successful year, continuing to accomplish its mission of helping to create a well-rounded student body. To this end, the HSS department started the HSS Issues forum, which is designed to address a range of current events and cultural topics that students would not otherwise encounter. This series hosted a remarkable number of events for its first year, including the poet Catherine Bowman, the middle eastern band

Salaam, and panels on the U.S. and the Muslim World, the Prestige disaster, intellectual property, and the Imperial family of Japan.

The department also welcomed Dr. Rebecca Dyer to the staff. Dr. Dyer has also made quite an impact in her first year on the staff, playing large roles in Rose-Hulman's INK magazine, assisting with the founding of the RHIT Film Club, and developing a course in Film Art.

Front: Dr. Terrence Casey, Merry Chambers, Dr. Sayuri Kubota, Dr. Pat Carlson; Second: Dr. Dale Bremmer, Dr. Rebecca Dyer, Dr. Andreas Michel, Dr. Richard House, Dr. Caroline Carvill, Dr. Julie Williams, Dr. Ann Watt, Dr. Hiedimarie Heeter; Back: Dr. John Gardner, Dr. Pat Brophy, Dr. William Pickett.

Sophomores

Matthew McCormick

It has been a busy year for the Rose-Hulman Mathematics department! We started out the year with over 10% of the freshman class participating in Fast Track Calculus, and the number of math majors, double majors, and minors continues to grow. Many of our students participated in several mathematics competitions, including the Virginia Tech Regional Mathematics Competition, the 63rd Putnam Competition, the Indiana College Mathematics Competition, and the 19th Mathematical Modeling Contest. Noor Martin, Matthew Ford, Alla Genkina, and Kellan Wampler all presented papers this

year on a variety of subjects.

There were also many personnel changes in the department this year. Dr. Robert Lopez is retiring after 18 years and will be joining the staff of Waterloo Maple to develop the Maple mathematical software package. Dr. Mark Inlow was hired as Assistant Professor in the area of statistics. Dr. Aleksey Telyakovskiy was welcomed as a visiting assistant professor this year. Mike McLeish was also a welcome addition to the Mathematics and Computer Science departments as a systems administrator.

Front: Dr. Robert Lopez, Dr. Elton Graves, Dr. Roger Lautzenheiser, Dr. Tanya Leise, Dr. Diane Evans; Second: Dr. Jeffery Leader, Dr. Jerry Muir, Dr. Yosi Shibberu, Dr. David Finn, Terri Moscan, Dr. Joshua Holden; Back: Dr. Thomas Langley, Dr. David Rader, Dr. Allen Broughton, Dr. Steve Carlson, Dr. Kurt Bryan, Dr John Rickert.

Mechanical EngineeringMechanical Engineering

It has been a banner year for the Rose-Hulman Mechanical Engineering department. This year, the department saw a record fall enrollment of 484 undergraduates and 141 freshmen for the 2002-03 school year.

Drs. Phillip J. Cornwell and Andrew R. Mech were on sabbatical during the 2002-03 academic year. Dr. Cornwell split his time between the University of Western Australia and the Los Alamos National Labs. Dr. Mech has divided his sabbatical between activities at Cinergy and Kanazawa Institute of Technology. Dr. David A. Stienstra will be on sabbatical at the McMaster University in Ontario, Canada for the 2003-04 academic year. Mr. Calvin Lui has joined the faculty as an Assistant Professor of Mechanical Engineering from Stanford University. Dr. Lori Olson has joined the faculty as a Professor of Mechanical Engineering from the University of Nebraska, Lincoln.

Departmental student awards were presented to two students this year. Scott Green received the Cummins Engine Company Inc. Award and Bradley Woodcox received the Steinhäuser Award, which are presented by the ME faculty to the most outstanding senior and junior, respectively, based on

scholastic achievement, extracurricular activities, character, responsibility, attitude and potential for professional growth.

Two Mechanical Engineering alumni were acknowledged this past year. Curt Bilby, Chairman and CEO of Evacyte Corp, which provides laboratory services for research, therapeutic and diagnostic applications to treat metastatic cancer, received the 2002 Distinguished Young Alumni Award. The company won the 2001 KPMG Start-Up, Stand-Out High Tech Award in Austin. Stephen Nowak, Vice President and Controller for Owens Corning Composites Systems Business received the 2003 Alumni Career Achievement Award. Nowak is responsible for all global financing, sourcing and strategic planning functions of the Composites Systems Business.

Front: Dr. Don Richards, Dr. Darrell Gibson, Dr. Wayne Sanders, Dr. David Stienstra; Second: Dr. Rick Stamper, Dr. Patsy Brackin, Paula Duggins, Dr. Christine Buckley, Dr. David Purdy; Third: Dr. James Mayhew, Ray Bland, Dr. Bradley Burchett; Fourth: Mike Fulk, Dr. Donald Morin, Dr. Zac Chambers; Fifth: Dr. Lee Waite, Dr. Jerry Fine, Dr. Richard Layton; Back: Dr. Tom Adams, Dr. Clark Merkel, Dr. Calvin Lui, Dr. Lorraine Olson.

Kristen Sibilia watches as Jamie Tepool cuts a piece of wood for their senior design project.

Above Left: Dr. Sanders and Dr. Mayhew chat between classes about an upcoming test.

Above Right: During the course of the curriculum, Mechanical Engineering students learn how to use the tools in the machine shop.

Don't worry Dr. Stienstra, we won't tell where you and Dr. Burchett hide out to get away from students.

Physics III students get a chance to see how different objects look through various lenses.

Dr. Joenathan takes advantage of the campus terrain to explain gradients to his physics students.

It has been a year of growth for the Physics and Optical Engineering department. This year the department's Master's degree in Optical Engineering was featured as one of the top programs by the American Institute of Physics. In addition to the Physics and Optical Engineering degrees, the faculty approved a new degree in Engineering Physics that will be offered starting in the 2003-2004 academic year. The department will also offer a new area minor in Astronomy starting in the 2003-2004 academic year. With the creation of the MEMS and microfabrication laboratory, the PHOE department, in conjunction with several other departments at Rose-Hulman, helped start courses

in both MEMS and Advanced MEMS this year.

There have also been some changes in the faculty this year. Dr. David Branning, University of Illinois, Urbana Champaign, will be joining the department faculty starting in the 2003-2004 academic year. Dr. Branning's research is in the area of quantum states of polarization-entangled photon pairs, quantum cryptography, and quantum logic. Two other professors, Professor Padmakar Puntambekar and Professor Kieth Nahm, will be returning to the Indian Institute of Technology in India and Hallyn University in South Korea, respectively. They will be missed.

Front: Dr. Elaine Kirkpatrick, Dr. Sergio Granieri, Dr. Charles Joenathan, Dr. Robert Bunch, Dr. Michael Moloney, Dr. Galen Duree, Dr. Sudipa Kirtley; Back: Dr. Padmakar Puntambekar, Dr. Zoran Milonovic, Dr. Kieth Nahm, Dr. Jerry Wagner, Dr. Azad Siahmakoun, Dr. Pamela Hamilton, Dr. Richard Dittoen, Roger Sladek, Albert McGarvey.

Thanks to a great staff for working together to make this book a success. Thanks also to our Advisor, Bryan Taylor, for your support, guidance, and never-ending patience. Special thanks to John for taking on any assignment without hesitation, and also special thanks to Karen for working with me til the wee hours of the morning to make sure the deadlines were met. You all have been really great to work with, and I wish you the best of luck with next year's book.
